Publication of final recommendations for the Community Governance Review of Davenham Parish

Local Government and Public Involvement in Health Act 2007

As part of the current Community Governance Review of Davenham parish, under the terms of reference published on 28 February 2014, the Community Governance Review Committee of Cheshire West and Chester Council has made the following final recommendations to be subject to a further final period of consultation prior to being agreed by Council:

That:

- 1) the boundary of the existing parish of Davenham be redrawn to the east along Gad Brook and the A540 to transfer the properties of 1 – 10 Pear Tree Cottages, Higgins Lane Farm, Little Grebe Cottage, The Cottage, Brook House Farm, Croft Lodge, Lanes End Bungalow and Firthfield Kennels from Rudheath parish to Davenham parish;
- 2) the parish of Davenham should not be abolished;
- 3) the name of the parish of Davenham should not be altered;
- 4) the parish should continue to have a parish council;
- 5) no changes be made to the electoral arrangements that apply to the parish council; and
- 6) a Cheshire West and Chester Borough Council (Reorganisation of Community Governance) Order be prepared in accordance with the above recommendations and that the Order be effective from 1 April 2015.

Reasons for the recommendation

To enable completion of the community governance review of Davenham parish in accordance with the timescales set within statutory guidance and in line with local preference; and to determine more appropriate parish boundaries which better reflect the identities and interests of local residents.

The current total electorate for the area is 2233 based on the Register of Electors in force from 7 May 2014. This figure is expected to increase slightly to 2309 over the next five years as a result of planned development though the proposed boundary change detailed in recommendation (1) will reduce this forecast to 2338. Similar sized ungrouped parishes have Parish Councils of between nine and twelve seats.
