

## **Cheshire West and Chester Council renewal of a borough-wide Public Space Protection Order (PSPO) for alley gating.**

### **Consultation Summary**

#### **Background to consultation**

In October 2014 the Anti-Social Behaviour, Crime and Policing Act 2014 (the Act) introduced new powers to tackle anti-social behaviour (ASB), including the power to make Public Space Protection Orders (PSPOs). The Act also required local authorities to review any relevant existing Orders made under previous legislation and ensure their transfer to PSPOs.

These existing PSPOs for alley gating are due to expire in October 2023, as all PSPOs must be renewed every three years. We would like to hear your views on these Orders so that we can consider your feedback as part of the review process.

#### **What do the PSPOs for alleygating do?**

PSPOs can be used to regulate activities in public places that can have a detrimental effect on the local community. They can help by giving local councils and local police additional powers to tackle anti-social behaviour in specified locations. These Orders allow the Council to restrict public rights of way over a highway through the installation of gates at entrance points to alleyways to prevent crime and ASB.

Our local multiagency problem-solving groups (PSGs) lead on local problem-solving activity and gating PSPOs are only created when all other means to prevent ASB in affected areas have been exhausted. Where these gates are installed local residents who require access are offered keys to the gates.

There are currently 14 individual PSPOs for alley gating across Cheshire West and Chester at the following locations:

1. [Hazel Road](#), Chester (Alleyways between Hazel Road to Downfield Road and Hazel Road to Poplar Road)
