## Home Ownership and Leaseholder Policy

Issue date: June 2024  
Review date: June 2027

Cheshire West  
and Chester

## 1. Management Information

Approval Date:	June 2024
Next Review Date:	June 2027
Policy Owner:	Janet Lawton, Head of Housing Delivery
Responsible Service Area:	Council Housing Management Service
Responsible Director:	Director of Economy and Housing

## 2. Introduction

This policy sets out how the Council will deliver leasehold services in line with statutory requirements, good practice and the Council's wider strategic aims. The Policy will explain the responsibilities of both the Council and leaseholders, how services will be managed and the standards expected in relation to service charges, repairs and management.

## 3. Aim of Policy

The Council will deliver leasehold services that provide equal standards of service and customer care to leaseholders and will meet responsibilities to leaseholders under the terms of each property's lease agreement. The Council will also provide excellent quality management and relevant maintenance of leaseholders' homes, administration of service charges and compliance with all relevant legislation, regulation and good practice.

## 4. Strategic context

This policy helps the Council to meet the following national and local strategic aims.

Social Housing Regulations Act 2023 – Consumer Standards

- Transparency, Influence and Accountability Standard
- Tenancy Standard

[CWAC Borough Plan 2024 – 2028](#) - sets out how the Council will work with all its residents to build a stronger future where the Council and residents all play their part in creating thriving, caring and sustainable communities.

The Borough Plan has six missions as follows:

- Starting well - The best start for the borough's children and young people, with improved opportunity, a healthier start, greater resilience in families and the best possible support and care when it is needed.
- Tackling hardship and poverty - More people feel more financially secure as the causes and impact of hardship and poverty are addressed by working alongside residents.

- Resilient people living their best lives - Local people are enabled to flourish, be healthy, happy and independent for longer in supportive communities.
- Opportunity in a fair local economy - Local people and businesses contribute to and benefit from a strong and fair local economy.
- Neighbourhood pride - Residents live in well maintained, connected and safe places with good and affordable homes.
- Greener communities - Individuals, public services and businesses take action to move to tackle the climate emergency, achieve net zero, protect the natural environment and adapt to the impact of climate change.

## **5. Definition and legislation**

### **Lease**

The lease is a private contract between The Council and the leaseholder. It will include the following information:

- Details of both the Council, and the leaseholders, rights and responsibilities for the property, including the structure and the common/communal parts.
- Information included in the service charge, how it is calculated and when payment is due,
- Responsibility for insuring the property,
- Procedures for assigning the lease; and
- How the lease can be ended and/or extended.

A welcome pack is also provided to all new leaseholders in their preferred format which provides general information on service charges, building insurance and general information about being a leaseholder.

## **6. How the Policy will be delivered**

Leasehold covers the range of services provided by The Council to those who occupy property on a leasehold arrangement. Leases granted under the Right to Buy or Preserved Right to Buy.

The delivery of this policy and associated procedures will be the responsibility of The Council. This Policy will be available to all employees through the intranet and regular training will be provided to relevant employees on all policies and procedures.

If staff become aware that there are problems with effective operation of the policy or the associated procedures, they should report this to the policy owner. This feedback will be incorporated into the policy / procedural review process.

### **Building Insurance**

The Council have a responsibility as landlord to provide buildings insurance. It

provides cover for the structure of the building, the full details of which will be explained in the policy documents provided with the annual estimated charges.

## **Ground Rent**

The Council will observe the statutory requirements in respect of ground rent as provided within the Commonhold and Leasehold Reform Act 2002. A lease for a residential property may specify that a leaseholder is required to pay ground rent to the freeholder. The amount of ground rent payable, the date(s) it is due and any provisions to review the amount will be set out in the lease. This will usually be £10 payable in advance on the 1 April each year. If the lease does not specify the ground rent is payable, then the Council will not charge a leaseholder.

For all properties where ground rent is to be collected, ground rent demands will be sent annually in line with the lease agreement. Ground rent statements will comply with the requirements of the Commonhold & Leasehold Reform Act 2002.

## **Consultation**

The Council will consult leaseholders on any proposed changes to arrangements such as management or service provision which could have an effect on them. The Council will provide information leaseholders to interact with the Home Ownership Team.

## **Breach of Lease**

The Council will take appropriate action whenever it becomes aware that a leaseholder is acting in breach of the terms of their lease, which may include:

- Non-payment of ground rent, repairs, major works or service charges
- Unapproved works to the home or building
- Improper use of the home or building
- Failure to maintain, or damage to the premises
- Refusal of access to Council staff and/or their agents
- Anti-social behaviour including harassment, or neighbour nuisance

In all such cases staff will work with the leaseholder to resolve the issue. However, if the breach continues legal action may be taken which could include seeking an injunction, or action for the forfeiture of their lease.

## **Lease Extension**

Any lease extensions can be requested via the Home Ownership Team.

## **Rechargeable Repairs**

The Council will meet its contractual requirements as set out in the lease for repairs and maintenance to leasehold properties. This is usually limited to repair the external fabric such as external walls, roofing and guttering for flats. This would also include communal areas in blocks of flats. No such obligation would arise if the leasehold property is a house.

Where a repair has been identified, that is the responsibility of the Council, this will be charged back to the leaseholder through the annual service charges and leaseholders will receive a statement. The cost will be apportioned in line with the definition of the development as per the lease, as an example if the development covers a block of 4 flats, the leaseholder will be charged a quarter of the total cost of the repair.

Where Damp and Mould is found by the leaseholder and reported to the Council an inspection of the building will be carried out to check the cause of the Damp and Mould to ensure it is not caused by any failings in the structure of the building. Such as the roof, gutters or damp-proof course. If it is found to be a result of the structure of the building the Council will organise for the repairs to be carried out to rectify the fault and recharge back to the leaseholder as per the lease.

Any Damp and Mould issues not caused by the structure of the building such as defective ventilation/heating etc is the responsibility of the Leaseholder to rectify.

Where works are planned that will cost the Leaseholder over £250 the Council will follow section 20 legal guidance and process.

### **Home Improvements**

The Council understand leaseholders may want to carry out home improvements to their home from time to time. Leaseholders are required under the terms on their lease to obtain consent from the Council, staff will request that a Home Improvement Application Form is completed by the leaseholder to explain the proposals for improvement. The Council will where possible allow permission unless there is a good reason to refuse this. The Council will provide a full explanation where consent has not been granted.

### **Service Charges**

The Council will make a charge for a range of services provided to a block. These charges may include caretaking, communal cleaning, grounds maintenance, communal lighting, maintenance of lift, door entry phone, wherever such services are provided to the block, as well as the day-to-day repair and maintenance of the fabric of the building and common areas.

The Council will provide leaseholders with an estimate of charges before the 30 April of each financial year, so that leaseholders are aware of any proposed changes in service or service charge levels. Leaseholders should plan their finances accordingly.

Leaseholders pay an appropriate proportion, as determined by the lease of the overall amount for services provided to the 'Development' The Development is described in each lease and may cover an area larger than a single block of flats. Leaseholders have the right to appeal to the First Tier Tribunal (Property Chamber) if they believe that the services or the cost of these services are not relevant or reasonable. Leaseholders are required to pay the annual charge upon demand.

The Council will send leaseholders details of their service charge accounts annually. Which will be sent out before 30th September each year. The Council will provide all leaseholders with a breakdown of how the annual service charge is calculated. Any under-spend on the previous year is refunded and any overspend is added to the following years' charges.

Any leaseholder who falls behind with payments will be contacted promptly by the Council and appropriate action for arrears recovery will be taken in accordance with the Councils Leaseholder Service Charge Collection and Arrears Procedure.

The Council will use discretion to leaseholders in genuine financial difficulties. If leaseholders are unable to pay the cost of the services charges in full within the 28 days, the Council will explore alternative payment options available to the leaseholder.

The Council will assess each case individually and, depending on the circumstances, may consider a repayment agreement. Where the Council are satisfied that appropriate courses of recovery action have been taken by staff and service charges remain unpaid, legal proceedings will be considered. Several legal measures would be considered for persistent failure to pay service charges including forfeiture (possession) in accordance with the lease.

### **Management Fees**

The Council reserve the right to recover the costs for managing leasehold properties. Management fees will cover costs for providing general administration and the day to day running of the leasehold services.

## **7. Equality and reasonable adjustment statement**

We value diversity and work to create an inclusive environment for customers and staff, where everyone has access to the same opportunities. We welcome our responsibility to comply with equalities legislation and regulatory requirements that relate to equity, diversity and inclusion and aim to do more. Through our activities we aim to remove systemic barriers to equal opportunities and eliminate all forms of discrimination, harassment, and victimisation within our organisation.

We are committed to providing excellent customer services, which are fair, equitable and inclusive. As such, we will endeavour to understand and make any reasonable adjustments required for customers in line with our Reasonable Adjustment Statement and the Equality Act 2010. Any reasonable adjustment provided will be recorded and kept under active review.
