

# Critical Incident Plan For Learning Venues

Most recent update: 02 April 2025

## **Including Evacuation And Lockdown Procedures**

#### Scope

All council run Adult Education venues delivering CW&C commissioned Adult Education provision. Each venue to personalise this policy statement to own setting including other users of the centre.

#### **Purpose**

This document is to be used in the event of a Critical Incident at the Centre to outline the responsibilities and actions of staff and to deal with emergency situations at the centre and to carry out an evacuation/lockdown as required.

| Name of learning venue |  |
|------------------------|--|
|------------------------|--|

In the event of a critical incident key personnel at the venue and council include:

| Role  | Name   | Department                               | Contact number |
|---|--|--|----------------|
| Critical Incident Coordinator                         |  |  |                |
| Deputy Critical Incident Cdtr                         |  |  |                |
| First Aider   |  |  |                |
| Fire Marshall   |  |  |                |
|   |  |  |                |
| Extend as required                                    |  |  |                |
| Cheshire West and Chester<br>Major Emergency Response | Joint Cheshire<br>Emergency Planning<br>Team | 58 Nicholas Street<br>Chester<br>CH1 1NP | 01244 973869   |
| Skills & Employment Manager                           | Matthew Smith                                | Skills & Employment                      | 07990 532840   |
| Other users of the building                           |  |  |                |
|   |  |  |                |

| Evacuation Procedures For Venue |  |  |
|---------------------------------|--|--|
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
| Lockdown Procedures For Venue   |  |  |
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
|                                 |  |  |
| Date of last evacuation test    |  |  |
|                                 |  |  |

#### **Types Of Incidents/Threats**

- Fire
- Building collapse or damage
- Railway station incident
- Suspect Parcel or Package

- Violent Individual or Individuals
- Potential or actual extremist attack
- Any other activity that could cause loss of life or serious injury

## **Critical Incident Coordinator (CIC) Role**

The role of the CIC is to ensure that this action plan is current and updated to ensure that all persons are aware of their responsibilities and the actions they should take in the event of a critical emergency. The CIC will identify the risks, liaise with other managers and contact the emergency service(s) relevant to any incidents listed above, outlining the following.

- Name of the person reporting the incident
- Emergency contact Telephone Number
- Address where the incident has taken place
- Nature of the incident
- Number of people involved

The Critical Incident Coordinator (CIC) will respond to any requests made by the emergency services and cooperate with them to minimise any risks. In the event of the CIC not being on site the deputy named above would take on the role.

The following actions should be taken in the event of emergency incidents.

#### Fire

Any individual is able to raise the alarm by activating any of the emergency evacuation points situated around the building.

On hearing the alarm, the appointed Fire Marshall(s) (as listed above) will conduct a sweep of the area to ensure that all persons have evacuated the building and made their way to the assembly points outside the building.

Each Fire Marshall will report to the Critical Incident Coordinator to ensure that all persons have evacuated the area safely and advise if any persons are left in the building.

In the event of persons still remaining in the building the Coordinator will inform the emergency services of any such cases.

No individual should return into the building until the emergency services have indicated to the CIC that it is safe to do so.

## **Building Collapse Or Damage**

In the event of the building being damaged by storm, flood etc the Critical Incident Coordinator (CIC) will initially assess the damage and risk to building users. If all building users need to be evacuated, they will be provided with clear instructions to leave the building and this evacuation will be checked. If there is immediate risk to building users the CIC will also contact the emergency services.

In the event of part of the building being damaged, building users will be located to areas where there is no damage or risk to the building users if possible.

The CIC must ensure that the building is secure and that no individual is able to enter the damaged area until it is made safe.

The Critical Incident Coordinator must inform CW&C Property Services.

#### **Suspect Parcel Or Package**

A suspect parcel or package might be one that is

- not expected by the Service,
- not clearly labelled or has unusual inscriptions,
- heavy or unusual in size or smell, or
- leaking fluid or powder.

In the event of a member of staff finding a suspect parcel or package the following procedure should be adopted

- Do not move or try to open the package.
- Contact the Critical Incident Coordinator.
- Evacuate the area to the opposite side of the building, closing all doors on the way if possible.
- Critical Incident Coordinator to assess the risks and inform team of the course of action which could include:
  - Evacuate the whole building to a designated area outside
  - Speak to Skills and Employment Manager
  - Contact the emergency services if required
  - Liaise with the emergency services upon arrival

## **Dealing With Violent Individual(s)**

Staff should contact the Critical Incident Coordinator who will

- Assess the situation and risks,
- If necessary, evacuate building users as appropriate,
- Try to limit access to other building users as appropriate,
- Liaise with emergency services upon arrival.

If there is an immediate threat to building users, staff should contact the emergency services to inform them of the incident by telephoning 999. For more details see Violence at Work Policy Statement.

#### **Extremist Attack Or Incident**

In the rare event of an extremist attack, building users should:

- evacuate themselves to a place of safety where possible,
- barricade themselves where the individual(s) cannot gain access,
- contact the emergency services.

#### In summary:

- **RUN** to a place of safety. Scatter from others. Keep as low as practical. If it is not practicable to run:
- **HIDE** Do not confront. Turn phones to silent and turn off vibrate. Barricade yourself in if you can and only when practicable:
- **TELL** the police by calling 999

## **Emergency Kit**

The following emergency kit should be available to support the Critical Incident Coordinator and emergency services in the event of a critical emergency.

Box containing the following:

- First Aid Kit
- Schematic plan for the building
- Manager telephone contacts
- Door code/building lock down information
- Building alarm information
- Cordon Tape
- Flashlight
- 5 thermal blankets
- Hi-viz vest

In the event of all incidents, the Critical Incident Coordinator will complete an incident report and submit this to the Skills and Employment Manager at the earliest opportunity. This report will be recorded, reviewed, actioned and monitored for completion. Refer to Business Continuity Plan as required.
