Overview of available courses (subject to interest)

Steps To Work (Hub registration)	Registration at a Skills and Employment Hub. The session looks at your skills, knowledge and employment history to develop an action plan for your future.
Digital Skills For Life (Entry Level 3 and Level 1)	This is a course designed to support learners using digital skills in everyday life. The focus is on skills outside of work, so learners can carry out everyday personal and household tasks.
Digital Functional Skills (Entry 3 and Level 1)	This course covers using devices, managing information, communicating online and solving digital problems. Useful for adults who need foundational digital knowledge.
International Certification of Digital Literacy (ICDL): Word and Excel (Levels 1 and 2)	ICDL is an essential qualification covering the main elements of word processing and spreadsheets: creating, formatting, editing and saving files. Progression to Level 2.
Maths Functional Skills Qualification (Accredited – Entry 3; Levels 1 and 2)	This qualification provides you with the knowledge, skills and understanding to operate confidently and independently with numeracy in everyday life and work.
Maths Award (Accredited – Entry levels 1, 2 and 3)	This course will increase confidence with everyday maths. You will work through a portfolio of skills to gain the qualification. Units covered underpin the functional skills award.
English Functional Skills Qualification (Accredited – all levels)	This course will give you the essential knowledge, skills and understanding to feel confident in the workplace.
English Award (Accredited – Entry levels 1, 2 and 3)	This course will increase confidence with everyday English. You will work through a portfolio to gain the qualification. Units covered underpin the functional skills award.
Interview Skills (open to all)	You will identify a short-term career goal and complete preparation work for interviews. The course includes a mock interview with feedback.
Award in Customer Services (Entry 3, Level 1 and Level 2)	These courses look at what makes good and bad customer service. You will learn how to interact with customers and deal with complaints.
Food Safety (Level 2)	This course provides basic food Hygiene training. On completing the final exam you will gain an accredited Level 2 Food safety certificate.
Business Administration (Level 1 and Level 2)	This course develops skills for an office or environment, covering all aspects of business communication and digital skill required. Level 2 develops these skills further.
First Aid (Level 3)	This course covers resuscitation (adults, children and babies), the recovery position, choking and how to locate and use an automated external defibrillator.
Award in Child Development (Level 1 and Level 2)	Aimed at those interested in early years childcare. You will learn about children's learning and development. The course includes an introduction to special educational needs.
Health and Wellbeing (Entry 3 and Level 1)	The course covers the importance of diet and activity for a healthier lifestyle. You will have the opportunity to achieve an Award in Living and Work Skills.
Teaching Assistant Qualification (Level 2) <i>Enquire for 26/27 enrolment</i>	Study through face to face workshops alongside your paid or voluntary role in a school setting. Must have GCSEs A-C in English and maths (or assessed at Level 2).
Skills for Logistics (Level 1)	Examining available opportunities in the sector and the way employment is structured. Develops understanding of how goods are picked, assembled, packed and distributed.
Introduction To Construction CSCS (Level 2)	This three day course provides an overview of the industry and covers Health and Safety procedures. Passport photo or photo ID needed for your online test application.
