Statement of licensing policy

Sex establishments

Revised March 2015

1. Introduction

Sex establishments are controlled by the Local Government (Miscellaneous Provisions Act 1982 as amended by section 27 Policing and Crime Act 2009. (“The Act”).

Cheshire West and Chester resolved to adopt the provisions of the Local Government (Miscellaneous Provisions Act 1982 as amended by section 27 Policing and Crime Act 2009 on 17 March 2011; coming into effect on 9 May 2011. Section 27 of the Act introduced a new category of ‘sex establishment’ under Schedule 3 of the Local Government (Miscellaneous Provisions) Act 1982. (“1982 Act”) called a ‘sexual entertainment venue’ which is defined as – ‘any premises at which **relevant entertainment** is provided before a live audience for financial gain of the organiser or the entertainer’

1.1 This document outlines Cheshire West and Chester Borough Council’s policy for considering applications for sex establishment licences. The Council may depart from this policy when there are sufficient grounds to do so bearing in mind:

- the spirit and intent of the Act;
- Council policies supporting economic growth and development or to protect the heritage and culture of a given area;
- the content of any prevailing Local or Neighbourhood Plan which may be relevant to an application;
- case law decided since it was passed.

It is therefore the policy of this Council that each case shall be decided on its merits.

1.2 When considering applications the Council will also take into account the relevant provisions of the following legislation:

- The Disability Discrimination Act 1995
- Crime and Disorder Act 1998

- The Human Rights Act 1998
- Equality Act 2010
- Home Office Guidance
- Any other relevant legislation

1.3 The current number and location of sex establishments licensed by Cheshire West and Chester can be found on our website.

2. Applicants

2.1 Individuals, limited companies and firms may apply for licences.

3. Duration of licences

3.1 Licences may be issued for up to one year but the Council has discretion to issue a licence for a shorter term if deemed appropriate.

4. Matters to be considered

4.1 In considering applications for the grant of new licences or variation of conditions, the Council will assess the likelihood of a grant causing adverse impacts, particularly on local residents.

4.2 The Council will take the following general matters into account: -

- type of activity;
- duration of proposed licence;
- proposed hours of operation.
- layout and condition of the premises
- the use to which premises in the vicinity are put
- the character of the locality in which the premises are situated

4.3 In considering all applications for the grant of new licences or applications for variation of conditions the Council will take into account the potential impacts of the licensed activity on:-

- crime and disorder;
- cumulative impact of licensed premises in the area, including hours of operation.
- the character of the locality in which the premises is situated

4.4 In considering all applications for renewal the Council will take into account:

- (i) levels of recorded crime and disorder in the area;
- (ii) past demonstrable adverse impact from the activity;
- (iii) whether appropriate measures have been agreed and put into effect by the applicant to mitigate any adverse impacts.
- (iv) the character of the locality in which the premises is situated

4.5 Conditions will be applied to the licence to control the hours of operation.

4.6 Where an application is made to renew a licence for the same activity, hours of operation and conditions as previously licensed the Council shall give due weight to the fact that the licence was granted in the previous year and for a number of years before that as appropriate. However, the Council will take into account the matters detailed at 4.4 (i) to (iv) above.

4.7 Where an application is made to vary a licence in terms of the activity, hours of operation or conditions as previously licensed (whether on renewal or not), the Council will treat the application as if it were a new application and take into account the criteria as set out in paragraphs 4.1 – 4.3 .

5. Location and relevant locality

5.1 Licences will normally only be granted in predominately commercial areas and the Council is mindful of its power to determine that no sex establishment should be located in a particular locality.

5.2 The Act allows the Council to refuse to grant or renew a licence on the grounds that the number of sex establishments in the relevant locality at the time the application is made or determined is equal to or exceeds the number which the Authority considers is appropriate for that locality. The Act provides that the appropriate number of sex establishments within any relevant locality may be nil.

5.3 It would be inappropriate for the Council to treat the whole borough as “the relevant locality”. In accordance with case law, the Council shall decide a locality as a matter of fact to be determined by the particular circumstances of each case and not by drawing boundaries on a map.

5.4 Defining the Character of a Locality

The character of a locality is an important matter when the Council considers an application for the grant, renewal or variation of a sex establishment licence.

In terms of policy, reference to predominantly commercial areas refers to an area where commercial activities such as licensed premises, retail establishments and offices predominate over residential accommodation. In defining a residential area the Council will take into consideration domestic residences and hotels, guest houses and similar types of accommodation.

The degree to which one class of premises predominates over another class of premises is not defined – each case will be judged on its merits.

Consideration will be given to the number of residential premises and their proximity to a sex establishment. The Council may also take account of any planning permissions granted for additional residential accommodation (including hotels etc) within a locality; again number and proximity may be a

relevant consideration. The timescale for the development of any new residential development will also be a material consideration. The Council may consider granting a licence for a sex establishment for up to one year or a shorter period should the development be ready for occupation within the life of the licence.

The character of a locality will not be solely defined by the number and type of commercial premises and proximity of residential accommodation. The Council will take into consideration other types of premises where members of the public, especially vulnerable groups such as children are present. Such premises will include schools, playgrounds, youth centres, village halls and places of worship (not an exhaustive list). Traffic and pedestrian routes accessed by vulnerable groups that pass near to sex establishments will also be taken into consideration when defining a particular locality. A precise definition of locality cannot always be clearly defined within a policy. The locality will be defined by the particulars and circumstances of each individual case. Matters to be taken into consideration will therefore include the proximity and location of all premises where members of the public congregate in addition to the mix of residential and commercial premises.

5.5 The Council has determined that it is appropriate to consider a predominantly residential area as a relevant locality and has determined that the number of sex establishments that it believes to be appropriate in each residential area as nil.

5.6 In considering the location of all applications, the Council will take into account:

- proximity to residential areas, places of worship, village halls, youth centres, schools and open spaces e.g. playgrounds;
- proximity to areas with the highest levels of recorded crime;
- cumulative effect of existing related licensed activities in the vicinity.

6. Fitness of applicant

6.1 An applicant must be a fit and proper person to hold a licence. In determining suitability for a new licence, renewal or a transfer the Council will in most cases take into account:-

- previous knowledge and experience of the applicant;
- any evidence of the operation of any existing or previous licence held by the applicant, including any type of licence, includes Premises and Personal Licences etc held in this or any other borough;
- any report about the applicant and management of the premises received from statutory objectors.
- any convictions.

7. Premises management

7.1 The Council requires all licensees to employ adequate procedures to ensure that their employees comply with all relevant licence conditions.

7.2 Licensees are required to work in partnership with the police and Council to create and maintain a safe environment, both within licensed premises and in the environs around them. Licensees with premises located in areas with the highest levels of recorded crime must also develop crime prevention strategies in consultation with the Police and the Council.

8. Consultations

Statutory

8.1 Applicants are required to give public notice of the application by publishing an advertisement in a local newspaper circulating in the area where the premises are situated. A notice must also be displayed on or near the premises for 21 days beginning with the date of the application.

Public

- 8.2 The Council will consult residents in the immediate local area relation to applications for grant, renewal or variation of the terms or conditions of a licence. The nature and extent of consultation will depend on the history of a particular premises and the perceived likelihood of problems occurring and objections being received. The Council will inform every domestic dwelling and commercial unit within a radius of 50m of the premises subject to the application. This consultation area may be extended if it is appropriate to do so.

Statutory agencies and other organisations

- 8.3 The Council will consult with all relevant services within the Council, the Police and the Fire Authority to ensure that all relevant information is available when considering an application.

Ward councillors

- 8.4 Relevant Ward Councillors will be notified in writing of all applications for grant, renewals and transfer of licences and the variation of conditions within their Ward, and also those on or near the Ward boundary.

Parish and town Councils

- 8.5 Parish and Town Councils will be consulted in writing.

9. Consideration of consultation responses

- 9.1 When considering any application in relation to sex establishments the Council is required to have regard to any observations made by the Chief Constable of the Cheshire Constabulary and objections raised by members of the public within the statutory 28 day consultation period, and any observations and objections made by the Parish and Town Councils within that period.
- 9.2 Objections made simply on moral grounds will be disregarded.

10. Other policies

- 10.1 The Council may identify and apply other requirements from time to time, subject to consultation and proper notice.

11. Planning

- 11.1 National and local planning policy seeks to locate retail uses in existing shopping centres and retail premises. A sex shop would normally fall within use class A1 Shops of the Town and Country Planning (Use Classes) Order 1987 and planning permission would normally only be required where a material change of use from another use was proposed.

12 Hearings

- 12.1 All applications for new Sex Establishment Licences and variations will be considered by the Licensing Committee at a public hearing in accordance with the Council's constitution.

Applications for renewals and transfers may be decided under delegated powers by officers. However where relevant objections are received the application will be referred to the Licensing Committee.

- 12.2 Written representations will be considered by the committee. Objectors will not normally be afforded a hearing unless the Chairman invites individuals or responsible authorities to verbally clarify their representation for Members.

13 Decision

- 13.1 The Council after due consideration of all the relevant matters may decide to:
- a) Grant the application or;
 - b) Refuse the application.

13.2 Under the provisions in Schedule 3 of the Act, the licensing authority, may grant, renew or transfer a licence on such terms and conditions and subject to such restrictions as it may specify after consultation with the applicant whenever reasonably possible.

Conditions may be imposed for example to control:

- (a) the external appearance of the premises;
- (b) the operating hours of the business;
- (c) the visibility of the interior of the establishment to passers by;
- (d) any change of a sex shop to a sex cinema;
- (e) displays or advertisements on or in such establishments;
- (f) CCTV provision;
- (g) the employment of suitable management and staff.

14 Mandatory refusal

14.1 Under the provisions in Schedule 3 of the Act, the Council must refuse a licence for the following reasons;

- (a) to a person under the age of 18; or
- (b) to a person who is disqualified by virtue of the revocation of a previous licence in the area within the preceding 12 months; or
- (c) to a person who has not been resident in the U.K. for the preceding six months; or
- (d) to a body corporate which is not incorporated in the U.K.; or
- (e) to a person who has been refused an application for a licence for the premises within the preceding 12 months, unless the refusal has been reversed on appeal.

15 Discretionary refusal

15.1 The Council may refuse an application to grant or renew a licence on one or more of the following grounds:

(a) that the applicant is unsuitable to hold the licence by reason of having been convicted of an offence or for any other reason;

(b) that if the licence were to be granted the business to which it relates would be managed by or carried on for the benefit of a person, other than the applicant, who would be refused the grant of a licence if he made the application himself;

(c) that the number of sex establishments in the relevant locality at the time the application is made is equal to or exceeds the number which the authority consider is appropriate for that locality;

(d) that the grant of the licence would be inappropriate, having regard to:

(i) the character of the locality where the premises are situated;

(ii) the use to which any premises in the vicinity are put;

(iii) the layout, character or condition of the premises in respect of which the application is made.

16 Appeals

16.1 An applicant for the grant of a licence whose application is refused has the right of appeal to the Magistrates' Court within 21 days.

16.2 However, if refusal was on the grounds specified in paragraphs **15.1 c** and **15.1d** above then no right of appeal is available under this legislation. A person whose application is refused due to these reasons may seek a judicial review of the Council's use of its discretion in coming to a decision, if they believe they can show that the Council has, for example, acted improperly, unreasonably or irrationally, has not examined both sides of a case or has shown predetermination or bias.

16.3 Those making representation, objecting to or supporting an application, have no right of appeal under this piece of legislation.

17 Additional policy relating to Sexual Entertainment Venues

17.1 Sexual Entertainment Venue is defined as – ‘any premises at which **Relevant Entertainment** is provided before a live audience for financial gain of the organiser or the entertainer’

An audience can consist of just one person (e.g. where the entertainment takes place in private booths)

17.2 ‘Relevant Entertainment’ is defined as:

“any live performance or any live display of nudity which is of such a nature that, ignoring financial gain, it must be reasonably assumed to be provided solely or principally for the purpose of sexually stimulating any member of the audience (whether by verbal or other means)”.

17.3 This Council shall judge each case on its merits; however, the Government suggests that the definition of Relevant Entertainment would Include:

- **Lap dancing**
- **Pole dancing**
- **Table dancing**
- **Strip shows**
- **Peep shows**
- **Live sex shows**

This list is not exhaustive and the decision to define an activity as relevant entertainment will be made on its content and not the description it is given. The Council recognises that the Act also describes premises that are not to be considered Sexual Entertainment Venues because they only provide relevant entertainment on an infrequent basis.

An infrequent basis is defined as;

- no relevant entertainment has been provided on more than 11 occasions within a 12 month period;
- no such occasion has begun within a period of one month beginning with the end of the previous occasions; and
- no such occasion has lasted longer than 24 hours

17.4 Exemptions may also exist for premises or types of performances or displays exempted by an order of the Secretary of State.

17.5 Premises providing relevant entertainment are likely to raise concerns relating to disorderly behaviour, public decency and public nuisance particularly if they are in or near residential areas, close to schools, places of worship or community facilities. These premises may also expose individuals in the vicinity – particularly women – to a heightened risk of facing criminal and disorderly behaviour or conduct amounting to nuisance.

17.6 It is the view of this Council that an application for the grant of a Sexual Entertainment Venue Licence or Premises Licence incorporating regulated entertainment of a form that meets the definition of relevant entertainment shall only be granted if the Licensing Authority is satisfied, having regard to all the circumstances including;

- the nature and extent of the activities;
- the location of the premises; and,
- the conditions proposed by the applicant or which might properly be imposed by the authority,
- are compatible with the promotion of the objectives of prevention of crime and disorder, prevention of nuisance and the protection of children from harm.

17.7 In particular, while each such application will be considered on its own merits:

- Applications are more likely to be granted in respect of premises in locations where licensed entertainment already takes place and where the locality is demonstrably capable of absorbing the impact of the night-time economy, than in other locations.

In such cases, applications may be subject to the cumulative effect of premises offering relevant entertainment in a particular area; and, in future, to any special policy which the licensing authority may adopt should a particular location become saturated with such premises.

- Applications will **not** normally be granted where the premises are located:
 - (a) near residential accommodation,
 - (b) near places of worship, community facilities or public buildings,
 - (c) near schools, youth clubs or other places regularly used by children, or
 - (d) on or within sight of pedestrian routes or transport nodes (such as stations or bus stops) primarily serving places in categories (a), (b) or (c).

17.8 Premises wishing to offer relevant entertainment will have conditions attached to the licence which may include;

- (a) exclusion of persons under 18 at all times from the premises;
- (b) the prevention of views into the premises;
- (c) prohibition of exterior advertising of the relevant entertainment at the premises; and
- (d) prohibition of leafleting or touting for business.
- (e) the participation of customers in the performances is prohibited
- (f) a minimum distance of 1 metre is maintained between performers and customers, and between performers, during performance.
- (g) provision and operation of CCTV inside and outside the premises,
- (h) retaining recordings of performances,

(i) employment of door supervisors.

17.9 Conditions are also likely to require that all service is to seated customers.

17.10 Applicants will be expected to indicate in their operating schedule what measures they propose to have in place to ensure that the conduct of the licensed activities, including the recruitment or supply of performers, is free of the influence of criminal activity and that no performer is recruited or supplied who is subject to any form of coercion.

17.11 The Council will take into consideration all relevant guidance produced by the Home Office or other Government Department when determining applications for Sexual Entertainment Venues.

18. Waivers

18.1 The legislation contains provisions that permit this Council to grant a waiver from the requirements to hold a sexual entertainment licence. However, we do not consider that it would be appropriate to grant such waivers, particularly as the legislation allows relevant entertainment on an infrequent basis to be undertaken without the benefit of a sexual entertainment licence. "Infrequent basis" is defined at paragraph 17.3 of this policy
