Planning

Interested parties are advised to make early enquiries with the Planning Department regarding their development proposals. A planning application will be required. It is understood that uses B1, B2 and B8 under the Town and Country Planning (Use Classes Order) 1987 would be acceptable.

Due to the site's proximity to housing, a noise assessment may be required to inform any submission for planning permission. Please be aware that whilst the site is allocated for employment uses, any new development should not subject residential properties to unacceptable detrimental impacts arising from the appearance of the development or its potential for pollution or noise generation. These issues will be considered, amongst others, in the assessment of any application for planning permission.

The site is available on a 125 year Ground Lease.
