Whilst an appraisal aims to identify the essential elements that give an area its character, it can only be a ‘snapshot’ in time. Elements and details of an area may be important even if they are not specifically referred to in the document.

This document should be read in conjunction with “Conservation Area Appraisals”, produced by Vale Royal Borough Council in July 1997

Frodsham Conservation Area was designated by Cheshire County Council on 25 July 1973 and extended by Vale Royal District Council on 17 November 1977. It was reviewed in 2004/5 following the designation of the Frodsham (Castle Park Locality) Conservation Area and a boundary revision was proposed.

This appraisal relates to the revised and renamed Frodsham (Town) Conservation Area, designated by Vale Royal Borough Council on 28 September 2006 following a consultation exercise. This appraisal was adopted as Supplementary Planning Information for the purpose of informing relevant planning control decisions.

Utilising an initial survey by Robyn Wolley and work by the Frodsham and District Local History Group

Copies of the summary of consultation comments and the responses to them are available as a separate document
