Why is it needed?

- Commercial waste is strictly not accepted at the household waste recycling centres so Cheshire West and Chester Council is introducing a low cost pay as you go facility for businesses and traders.
- The service is ideal for small and medium size businesses; there is no minimum amount of waste required to use the site.
- Traders can reassure their clients that they are disposing of their waste responsibly and legally.
- Pricing is based on weight and material type, and reflects the true cost of operating the site and processing materials.

TRADE WASTE

How to use the service

- 1) Please ensure you sort the waste before arriving at the centre.
- 2) Current prices are displayed at the site; before unloading any waste please ensure you are happy to pay the rates displayed.
- 3) Your waste carriers licence must be displayed and valid.
- 4) When you arrive your vehicle will be weighed on the weighbridge, a site representative will check the materials and confirm the material category that will be applied.
- 5) Your vehicle will be weighed again once you've unloaded your waste and you will be charged by the relevant pricing band.
- 6) Payment can be made by cash or card.
- 7) A waste transfer note and receipt will be provided for your records.

Prices

Trade waste recycling and disposal rates effective from July 2018 are shown below. All rates are **inclusive of VAT** and are subject to change, current pricing will be clearly displayed at the site.

Weight	Mixed trade waste	Garden waste	Plasterboard	Hardcore and rubble
0.00 to 0.15 tonne	£40	£25	£36	£10
0.16 to 0.25 tonne	£54	£30	£48	£17
0.26 to 0.50 tonne	£90	£42	£78	£30
0.51 to 0.75 tonne	£126	£55	£108	£42
0.76 to 1.00 tonne	£160	£66	£138	£55

*All weights over 1 tonne will be charged at actual weight multiplied by the 1 tonne rate for that commodity. For example 1.15 tonnes of green waste will cost $1.15 \times £66 = £75.90$. *Prices are based on material and operating costs and are subject to change.

Duty of care for traders

Any trader wishing to dispose of trade waste must be aware of the following information.

- All traders must be registered (licensed) to carry all types of waste. For advice and to register please visit: www.gov.uk/waste-carrier-or-broker-registration.
- Traders will be asked to produce their waste carriers licence or number.
- Under the Environmental Protection Act (1990), traders have a legal 'duty of care' to take all reasonable steps to store, transport and dispose of waste safely.
- When waste has been disposed of and payment has been completed you will be given a waste transfer note which proves you have taken the waste to an authorised body (HW Martin Waste Ltd) and provides a record of what you have deposited on site.
- You should keep this for a minimum of two years in case you are asked to produce it by the Environment Agency or local council.
